# CELEBRATING ALL THE WAYS WE HELP OUR COMMUNITY GROW

## COMMUNITY SERVICES, PARKS & RECREATION

The team that provides all of the services you know and love is proud to reintroduce themselves as **Community Services, Parks & Recreation (CSPR)**, formerly Community Services. From outstanding case management to flourishing parks, engaging recreation classes for all ages, unique facilities, fascinating museums, dynamic sports, enriching after school programs, supportive counseling – our new name displays that we are so much more than just a service; we are a hub of community growth and enrichment. As we celebrate Park & Recreation Month, we are proud to share all the ways CSPR helps the Chino community grow. Check out the list of resources below:
