

# Superhero Cape T-shirts

## Supplies

- red, blue, or yellow adult t-shirt
- fabric scissors
- fabric markers
- a cape or a large paper

## Instructions

1. Begin by cutting off the sleeves and cutting open both side seams.
2. Open up the shirt, and use the template to cut the cape from the back side of the shirt. Keep the original neckline of the shirt intact to create the neck ties. Use the neckline as-is, or cut in half and apply Velcro at both ends for closure.
3. The t-shirt is a knit fabric, so the edges will not fray, but will roll slightly to create a mock hem all around the edges.
4. Try on and cut length for best fit.
5. Use fabric markers to create any superhero pattern desired. Use the child's initial or create a superhero name.
